

## SPSC 2012 SAIL FOR HOSPICE from Organizer Andy Hellenbart

Even though the participation in the Hospice sail/race was down, eleven boats participated. We were able to raise \$1,455.00 thanks to the hard work of all the participants. Adding to this a corporate donation of \$500.00, South Port raised a total of \$ 1,955.00.

After the challenging first leg of a short course the wind gods were smiling on us and we had good and favourable winds allowing us to finish the sail quickly and afterwards were able to participate in a good meal.

The first boat to finish in PHRF class was Mario Petite on VAMOOSE, a Viking 28 from Belle River followed by Brad & Erica Roy on RUMLINE and Frank Edgley on BULLDOG .

In the JOG class the first boat to finish was Dave Robichaud and Jackie on NO RESISTANCE, followed by Bill Steel on RUBAIYAT and Tim & Denise Aseltine on QUI-R-ONE. The flags presented were donated by Doris Dala Bona. The HOSPICE flag was won by Bill Steel and crew on RUBAIYAT for raising the most pledges.

I would like to personally thank all the participants and the committee Paul Ramey and Jason Turpin who worked on this worthwhile event. With everybody being touched by cancer either in the family, friends, club members and co-workers and the continuing needs of Hospice I hope that next year we have a greater participation in such a worthwhile event.
